LEGAL DISCLAIMER

Please be aware, that any alteration made to the VELUX® products using our units voids VELUX® warranty.

You are asked to remove the CE-marking from the modified VELUX® product, as when modified, it is no longer in force.

Removing the rain sensor creates a risk of water damage.

Your installation has to be protected against unexpected movement and provide a safety against entrapment and meet other requirements in accordance with applicable regulations.

VELUX® is a registered trademark and belongs to its respective owner.

Installation manual of VNX-C driver

Remove the five TORX10 screws holding the top cover. Remove the cover.

STEP 2

Disconnect the plugs from an electronic module.

Techniline Michał Byrecki | Urodzajna 18/4 | 26-600 Radom, POLAND | tel. +48 696 42 10 42 www.techniline.com e-mail: office@techniline.com

STEP 3

Replace the electronic module for VNX-C and connect the plug to a socket marked with the red arrow. Connect the power supply wires. The module is ready for operation.

STEP 4

Assemble back the top cover (in reverse order as per described in step one).
